6. Engage in misconduct while on a school bus or at a bus stop.

It is crucial for students to behave appropriately while using district transportation to ensure their safety and that of other passengers, and to avoid distracting the bus driver. Students are required to conduct themselves on the bus in a manner consistent with established standards for classroom behavior. Insubordination, disorderly, disruptive or violent behavior will not be tolerated. Furthermore, students are expected to adhere to all requirements of the Dignity Act while being transported on or waiting for a school bus; students must not engage in harassment, bullying or discrimination.

Examples of such bus misconduct include, but are not limited to:

VII. REPORTING VIOLATIONS

All students are expected to promptly report violations of the Code of Conduct to a teacher, guidance counselor, support staff, the building principal or his/her designee. Any student observing an individual committing, attempting to commit, or threatening to commit an act of violence; possessing or threatening to use a weapon; or possessing alcohol or illegal substance on school property or at a school function shall report this information immediately to a teacher, the building principal, the principal's designee or to the Superintendent.

The building principal or his/her designee must notify the appropriate local law enforcement agency of code violations that constitute a crime and substantially affect the order or security of a school as soon as practical, but no later than the close of school the day the principal or his or her designee learns of the violation. The notification must identify the student and explain the conduct that violated the Code of Conduct that constituted a crime.

VIII. DISCIPLINARY CONSEQUENCES, PROCEDURES & REFERRALS

All district staff who are authorized to impose disciplinary sanctions are expected to do so in a prompt, fair and lawful manner. All staff are expected to promptly report violations of the Code of Conduct to their supervisor, who shall in turn impose an appropriate disciplinary sanction, if so authorized, or refer the matter to a staff member who is authorized to impose an appropriate sanction.

Discipline is most effective when it deals directly with the problem at the time and place it occurs, and in a way that students view as fair and impartial. School personnel who interact with students are expected to use disciplinary action when necessary and to place emphasis on the student's ability to grow in self-discipline.

Disciplinary action, when necessary, will be firm, fair and consistent so as to be effective in changing student behavior. In determining the appropriate disciplinary action, school personnel authorized to impose disciplinary consequences will consider the following:

1. Student's age.
2. Nature of the offense and the circumstances which led to the offense.
3. Student's prior disciplinary record.
4. Effectiveness of other forms of discipline.
5. Information from parents, teachers and/or others.
6. Extenuating circumstances.

A. Consequences

Students who are found to violate the District's Code of Conduct may be subject to consequences, either alone or in combination. The school personnel listed after each consequence are authorized to impose that consequence, consistent with the student's right to due process.

1. Verbal warning – any member of the Sweet Home Central School District staff.
2. Written warning – any member of the Sweet Home Central School District staff.
3. Written notification to parent – any member of the Sweet Home Central School District staff.
4. Detention – teachers, principal, superintendent.
5. Suspension from transportation – principal, superintendent.
6. Suspension from athletic participation – principal, superintendent.
7. Suspension from extracurricular activities – principal, superintendent.

Sweet Home School District Code of Conduct

8. Suspension of privileges – principal, superintendent.
9. In-school suspension – principal, superintendent.
10. Community Service – high school principal, superintendent.
11. Restorative or Reflective Project - principal, superintendent.
12. Removal from classroom– teachers, principal.
13. Short-term (five days or less) suspension from school – principal, superintendent.
14. Long-term suspension (more than five days) suspension from school – superintendent.
Offenses by middle and high school students in the following areas would usually result in building-level suspension of five days along with a referral to a Superintendent hearing:
15. use of alcohol/drugs;
16. fighting/physical altercation;
17. deliberate destruction of school property/vandalism;
18. theft of any kind; and
19. sexual misconduct.
20. Permanent suspension from school – superintendent, Board of Education.

B. Procedures

The amount of due process a student is entitled to receive before a consequence is imposed depends on the consequence being imposed. In all cases, regardless of the consequence imposed, the school personnel authorized to impose the consequence must inform the student of the alleged misconduct and must investigate, to the extent necessary, the facts surrounding the alleged misconduct. All students will have an opportunity to present their version of the facts to the school personnel imposing the disciplinary consequence in connection with the imposition of the consequence.

Students given consequences other than oral warning, written warning or written notification to their parents are entitled to additional rights before the consequence is imposed. These additional rights are explained below.

1. Detention – Teachers, principals and the Superintendent may use after -school detention as a consequence for student misconduct in situations where removal from the classroom or suspension would be inappropriate.
2. Suspension from transportation – If a student does not conduct himself/herself properly on a bus, the bus driver is expected to bring such misconduct to the transportation supervisors or building principal's attention. Students who become a serious disciplinary problem may have their riding privileges suspended by the supervisor, principal, superintendent or designee. In such cases, the student's parent will become responsible for his or her child getting to and from school safely.
3. Suspension from athletic participation, extra-curricular activities and other privileges – A student subjected to a suspension from athletic participation, extra-curricular activities or other privileges is not entitled to a full hearing pursuant to Education Law 3214. However, the student and the student's parent will be provided with a reasonable opportunity for an informal conference with the district officials imposing the suspension to discuss the conduct and the consequences involved.
4. In-school suspension – A student subjected to an in-school suspension is not entitled to a full hearing pursuant to Education Law 3214. However, the student and the student's parent will be provided with a reasonable opportunity for an informal conference with the district officials imposing the in-school suspension to discuss the conduct and the consequences involved.
5. Community Service – Principal and Superintendent may use community service in lieu of in-school suspension in situations where removal from class is not in the best interest of the student. The student and the student's parent will be provided with a reasonable opportunity for an informal conference with the district official assigning community service to discuss the conduct and the consequences involved.
6. Teacher disciplinary removal of disruptive students – A student's behavior can affect a

Sweet Home School District Code of Conduct

teacher's ability to teach and can make it difficult for other students to learn.

- a. On occasion, a student's behavior may become disruptive. For the purposes of this Code of Conduct, a disruptive student is a student who is substantially disruptive of the educational process or substantially interferes with the teacher's authority over the classroom. A substantial disruption of the educational process or substantial interference with a teacher's authority occurs when a student demonstrates a persistent unwillingness to comply with the teacher's instructions or repeatedly violates the teacher's classroom behavior rules.
- b. A classroom teacher may remove a disruptive student from class for up to two days. The removal from class applies to the class of the removing teacher only. The teacher must provide the student with an explanation for why he or she is being removed and an opportunity to explain his or her version of the relevant events before the student is removed. Only after the informal discussion may a teacher remove a student from class.
- c. If the student poses a danger or ongoing threat of disruption, the teacher may order the student to be removed immediately. The teacher must, however, explain to the student why he or she was removed from the classroom and give the student a chance to present his or her version of the relevant events within 24 hours.
- d. The teacher must complete a district established disciplinary removal form and meet with the principal or his or her designee as soon as possible, but not later than the end of the school day, to explain the circumstances of the removal and to present the removal form. If the principal or designee is not available by the end of the same school day, the teacher must leave the form with the office secretary and meet with the principal or designee prior to the beginning of classes on the next school day.
- e. Within 24 hours after the student's removal, the teacher, principal or another district administrator designated by the principal must notify the student's parents in writing that the student has been removed from class and state why. The notice must also inform the parent that he or she has the right, upon request, to meet informally with the principal or designee to discuss the reasons for the removal.
- f. The written notice (form) must be provided by personal delivery, or some other means that is reasonably calculated to assure receipt of the notice within 24 hours of the student's removal. Where possible, notice should also be provided by telephone for the purpose of contacting parents.
- g. The teacher who ordered the removal will be required to attend a requested informal conference. If, at the informal meeting, the student denies the charges, the principal or designee must explain why the student was removed and must give the student and the student's parents a chance to present the student's version of the relevant events. The informal meeting must be held within 48 hours of the student's removal.
- h. The principal or designee may overturn the removal of the student from class if the principal finds any one of the following:
 - i. The charges against the student are not supported by substantial evidence.
 - j. The student's removal is in violation of law, including the district's Code of Conduct.
 - k. The conduct warrants suspension from school and a suspension will be imposed.
 - l. The principal or designee may overturn a removal at any point between receiving the referral form issued by the teacher and the close of business on the day following the 48 hour period for the informal conference, if a conference is requested. No student removed from the classroom by the classroom teacher will be permitted to return to the classroom until the principal makes a final determination, or the period of removal expires.
- m. Any disruptive student removed from the classroom by the classroom teacher shall be offered continued educational programming and activities until he or she is permitted to return to the classroom.
- n. Each teacher must keep a complete log for all cases of removal of students from his or her class. The principal or designee must keep a log of all removals of students from class.

Sweet Home School District Code of Conduct

than five days may be warranted, he or she shall give reasonable notice to the student and the student's parents of their right to a fair hearing. At the hearing, the student shall have the right to be represented by counsel, the right to question witnesses against him or her, and the right to present witnesses and other evidence on his or her behalf.

- c. The Superintendent shall personally hear and determine the proceedings or may, in his or her discretion, designate a hearing officer to conduct the hearing. The hearing officer shall be authorized to administer oaths and issue subpoenas in conjunction with proceeding before him or her. A record of the hearing shall be maintained, but no stenographic transcript shall be required. A tape recording shall be deemed a satisfactory record. The hearing officer shall make findings of fact and recommendations as to the appropriate measure of discipline to the superintendent. The report of the hearing officer shall be advisory only, and the Superintendent may accept all or any part thereof.
- d. An appeal of the decision of the Superintendent may be made to the board that will make its decision based solely upon the record before it. All appeals to the board must be in writing and submitted to the district clerk within 10 business days of the date of the Superintendent's decision, unless the parents can show that extraordinary circumstances preclude them from doing so. The board may adopt in whole or in part the decision of the Superintendent. Final decisions of the board may be appealed to the Commissioner within 30 days of the decision.

10. Permanent suspension

- a. Permanent suspension is reserved for extraordinary circumstances such as where a student's conduct poses a life-threatening danger to the safety and well-being of other students, school personnel or any other person lawfully on school property or attending a school function.

C. Minimum Periods of Suspension

1. Students who bring a weapon to school: Any student, other than a student with a disability, found guilty of bringing a weapon onto school property will be subject to suspension from school for at least one calendar year. Before being suspended, the student will have an opportunity for a hearing pursuant to Education Law S3214. The Superintendent has the authority to modify the one-year suspension on a case-by-case basis. In deciding whether to modify the consequence, the Superintendent may consider the following:
 - a. The student's age.
 - b. The student's grade in school.
 - c. The student's prior disciplinary record.
 - d. The superintendent's belief that other forms of discipline may be more effective.
 - e. Input from parents, teachers and/or others.
 - f. Other extenuating circumstances.
 - g. A student with a disability may be suspended only in accordance with the requirements of state and federal law.
2. Students who commit violent acts other than bringing a weapon to school: Any student, other than a student with a disability, who is found to have committed a violent act, other than bringing a weapon onto school property, shall be subject to suspension from school for at least five days. If the proposed consequence is the minimum five-day suspension, the student and the student's parents will be given the same notice and opportunity for a hearing given to all students subject to a short-term suspension. If the proposed consequence exceeds the minimum five-day suspension, the student and the student's parents will be given the same notice and opportunity for a hearing given to all students subject to a long-term suspension. The superintendent has the authority to modify the minimum five-day suspension on a

Sweet Home School District Code of Conduct

case-by-case basis. In deciding whether to modify the consequence, the superintendent may consider the same factors considered in modifying a one-year suspension for possessing a weapon.

3. Students who are repeatedly substantially disruptive of the educational process or repeatedly substantially interfere with the teacher's authority over the classroom:

Any student, other than a student with a disability, who repeatedly is substantially disruptive of the educational process or substantially interferes with the teacher's authority over the classroom will be suspended from school for a period of up to five days. For purposes of this Code of Conduct, "repeatedly is substantially disruptive" means engaging in conduct that results in the student being removed from the classroom by teacher(s) pursuant to Education Law S3214 (3a) and this code. The student and the student's parent will be given the same notice and opportunity for an informal conference given to all students subject to a short-term suspension. If the proposed consequence exceeds a five-day suspension, the student and the student's parent will be given the same notice and opportunity for a hearing given to all students subject to a long-term suspension. The superintendent has the authority to modify suspensions on a case-by-case basis. In deciding whether to modify the consequence, the superintendent may consider the same factors considered in modifying a one-year suspension for possessing a weapon.

D. Referrals

1. Administration, support services and the Family Support Center shall handle referrals of students for counseling.
2. Juvenile Delinquents and Juvenile Offenders – The superintendent is required to refer the following students to the District Attorney for a juvenile delinquency proceeding before the Family Court:
 - a. Any student under the age of 16 who is found to have brought a weapon to school, or
 - b. Any student 14 or 15 years old who qualifies for juvenile offender status under the Criminal Procedure Law S120(42).
3. The District may file a PINS (Person in Need of Supervision) petition in Family Court on any student under the age of eighteen (18) who demonstrates that he or she requires supervision and treatment by:
 - a. Being habitually truant and not attending school as required under the Education Law;
 - b. Engaging in an ongoing or continued course of conduct that makes the student ungovernable, or habitually disobedient and beyond the lawful control of the school; or
 - c. Knowingly and unlawfully possessing a controlled substance in violation of the Penal Law.

The superintendent is required to refer students age 16 and older or any student 14 or 15 years old who qualifies for juvenile offender status to the appropriate law enforcement authorities.

IX. ALTERNATIVE INSTRUCTION

When a student of any age is removed from class by a teacher, or a student of compulsory attendance age is suspended from school pursuant to Education Law S3214, the district will take immediate steps to provide alternative means of instruction for the student.

Sweet Home School District Code of Conduct

X. DISCIPLINE OF STUDENTS WITH DISABILITIES

The Board of Education recognizes that it may be necessary to suspend, remove or otherwise discipline students with disabilities to address disruptive or problem behavior. The Board also recognizes that students with disabilities enjoy certain procedural protections whenever school authorities intend to impose discipline upon them. The Board is committed to ensuring that the procedures followed for suspending, removing or otherwise disciplining students with disabilities are consistent with the procedural safeguards required by applicable laws and regulations.

This Code of Conduct affords students with disabilities subject to disciplinary action no greater or lesser rights than those expressly afforded by applicable federal and state law and regulations.

A. Authorized Suspensions or Removal of Students with Disabilities

For purposes of this section of the Code of Conduct, the following definitions apply:

1. A “suspension” means a suspension pursuant to Education Law S3214.
2. A “removal” means a removal for disciplinary reasons from the student’s current educational placement other than a suspension and change in placement to an interim alternative educational setting (IAES) ordered by an impartial hearing officer because the student poses a risk of harm to himself or herself or others.
3. An “IAES” means a temporary educational placement for a period of up to 45 days, other than the student’s current placement at the time the behavior precipitating the IAES placement occurred, that enables the student to continue to progress in the general curriculum, although in another setting, to continue to receive those services and modifications, including those described on the student’s current individualized education program (IEP), that will enable the student to meet the goals set out in such IEP, and include services and modifications to address the behavior which precipitated the IAES placement that are designed to prevent the behavior from recurring.

School personnel may order the suspension or removal of a student with a disability from his or her current educational placement under the following conditions:

- a. The board, the district (BOCES) Superintendent of Schools or a building principal may order the placement of a student with a disability in an IAES, another setting or suspension for a period not to exceed the amount of time a non-disabled student would be subject to suspension for the same behavior.
- b. The superintendent may order the placement of a student with a disability in an IAES, another setting or suspension for up to 10 consecutive school days, inclusive of any period in which the student has been suspended or removed under subparagraph (a) above for the same behavior, if the superintendent determines that the student has engaged in behavior that warrants a suspension and the suspension or removal does not exceed the amount of time non-disabled students would be subject to suspension for the same behavior.
- c. The superintendent may order additional suspensions of not more than 10

Sweet Home School District Code of Conduct

consecutive school days in the same school year for separate incidents of misconduct, as long as those removals do not constitute a change of placement.

- d. The superintendent may order the placement of a student with a disability in an IAES to be determined by the Committee on Special Education (CSE), for the same amount of time that a student without a disability would be subject to discipline, but not more than 45 days, if the student carries or possesses a weapon to school or to a school function, or the student knowingly possesses or uses illegal drugs or sells or solicits the sale of a controlled substance while at school or a school function.
- e. "Weapon" means the same as "dangerous weapon" under 18 U.S.C. S930(g)(w) which includes "a weapon, device, instrument, material or substance, animate or inanimate, that is used for, or is readily capable of causing death or serious bodily injury.
- f. "Controlled substance" means a drug or other substance identified in certain provisions of the Federal Controlled Substances Act specified in both federal and state law and regulations applicable to this policy.
- g. "Illegal drugs" means a controlled substance except for those legally possessed or used under the supervision of a licensed health-care professional or that is legally possessed or used under any other authority under the Controlled Substances Act or any other federal law.

Subject to specified conditions required by both federal and state law and regulations, an impartial hearing officer may order the placement of a student with a disability in an IAES setting for up to 45 days at a time, if maintaining the student in his or her current educational placement poses a risk of harm to the student or others.

B. Change of Placement Rule

A disciplinary change in placement means a suspension or removal from a student's current educational placement that is either:

1. For more than 10 consecutive school days; or
2. For a period of 10 consecutive school days or less if the student is subjected to a series of suspensions or removals that constitute a pattern because they cumulate to more than 10 school days in a school year and because of such factors as the length of each suspension or removal, the total amount of time the student is removed and the proximity of the suspensions or removals to one another.

School personnel may not suspend or remove a student with disabilities if imposition of the suspension or removal would result in a disciplinary change in placement based on a pattern of suspension or removal.

However, the District may impose a suspension or removal, which would otherwise result in a disciplinary change in placement, based on a pattern of suspensions or removals if the CSE has determined that the behavior was not a manifestation of the student's disability, or the student is placed in an IAES for behavior involving weapons, illegal drugs or controlled substances.

C. Special Rules Regarding the Suspension or Removal of Students with Disabilities

Sweet Home School District Code of Conduct

1. The District's Committee on Special Education shall:
 - a. Conduct functional behavioral assessments to determine why a student engages in a particular behavior, and develop or review behavioral intervention plans whenever the district is first suspending or removing a student with a disability for more than 10 school days in a school year or imposing a suspension or removal that constitutes a disciplinary change in placement, including a change in placement to an IAES for misconduct involving weapons, illegal drugs or controlled substances.

If subsequently, a student with a disability who has a behavioral intervention plan and who has been suspended or removed from his or her current educational placement for more than 10 school days in a school year is subjected to a suspension or removal that does not constitute a disciplinary change in placement, the members of the CSE shall review the behavioral intervention plan and its implementation to determine if modifications are necessary.

If one or more members of the CSE believe that modifications are needed, the school district shall convene a meeting of the CSE to modify such plan and its implementation, to the extent the committee determines necessary.
 - b. Conduct a manifestation determination review of the relationship between the student's disability and the behavior subject to disciplinary action whenever a decision is made to place a student in an IAES either for misconduct involving weapons, illegal drugs or controlled substances or because maintaining the student in his current educational setting poses a risk of harm to the student or others; or a decision is made to impose a suspension that constitutes a disciplinary change in placement.
2. The parents of a student who is facing disciplinary action, but who has not been determined to be eligible for services under the Individuals with Disabilities Education Act (IDEA) and Article 89 of the Education Law (Article 89) at the time of misconduct, shall have the right to invoke applicable procedural safeguards set forth in federal and state law and regulations if, in accordance with federal and state statutory and regulatory criteria, the school district is deemed to have had knowledge that their child was a student with a disability before the behavior precipitating disciplinary action occurred. If the district is deemed to have had such knowledge, the student will be considered a student presumed to have a disability for discipline purposes.
 - a. The Superintendent, building principal or other school official imposing a suspension or removal shall be responsible for determining whether the student is a student presumed to have a disability.
 - b. A student will not be considered a student presumed to have a disability for discipline purposes if, upon receipt of information supporting a claim that the District had knowledge the student was a student with a disability, the District either:
 - i. Conducted an individual evaluation and determined that the student is not a student with a disability, or
 - ii. Determined that an evaluation was not necessary and provided notice to the parents of such determination, in the manner required by applicable law and regulations.

If there is no basis for knowledge that the student with a disability prior to taking disciplinary measures against the student, the student may be subjected to the same disciplinary measures as any other non-disabled student who engaged in comparable

Sweet Home School District Code of Conduct

behaviors.

However, if a request for an individual evaluation is made while such non-disabled student is subjected to a disciplinary removal, an expedited evaluation shall be conducted and completed in the manner prescribed by applicable federal and state law and regulations. Until the expedited evaluation is completed, the non-disabled student who is not a student presumed to have a disability for discipline purposes shall remain in the educational placement determined by the district, which can include suspension.

3. The District shall provide parents with notice of disciplinary removal no later than the date on which a decision is made to change the placement of a student with a disability to an IAES for either misconduct involving weapons, illegal drugs or controlled substances or because maintaining the student in his/her current educational setting poses a risk of harm to the student or others; or a decision is made to impose a suspension or removal that constitutes a disciplinary change in placement.
4. The parents of a student with disabilities subject to a suspension of five consecutive school days or less has the same opportunity for an informal conference available to parents of non-disabled students under the Education Law.
5. Superintendent hearings on disciplinary charges against students with disabilities subject to a suspension of more than five school days shall be bifurcated into a guilt phase and a consequence phase in accordance with the procedures set forth in the Commissioner's regulations incorporated into this code.
6. The removal of a student with disabilities other than a suspension or placement in an IAES shall be conducted in accordance with the due process procedures applicable to such removals of non-disabled students, except that school personnel may not impose such removal for more than 10 consecutive days or for a period that would result in a disciplinary change in placement, unless the CSE has determined that the behavior is not a manifestation of a student's disability.
7. During any period of suspension or removal, including placement in an IAES, students with disabilities shall be provided services as required by the Commissioner's regulations incorporated into this code.

D. Expedited Due Process Hearings

An expedited due process hearing shall be conducted in the manner specified by the Commissioner's regulations incorporated into this code, if:

1. The district requests such a hearing to obtain an order of an impartial hearing officer placing a student with a disability in an IAES where school personnel maintain that it is dangerous for the student to be in his or her current educational placement, or during the pendency of due process hearings where school personnel maintain that it is dangerous for the student to be in his or her current educational placement during such proceedings.
2. The parent requests such a hearing from a determination that the student's behavior was not a manifestation of the student's disability, or relating to any decision regarding placement, including but not limited to any decision to place the student in an IAES.
 - a. During the pendency of an expedited due process hearing or appeal regarding the placement of a student in an IAES for behavior involving weapons, illegal drugs or

Sweet Home School District Code of Conduct

controlled substances, or on grounds of dangerousness, or regarding a determination that the behavior is not a manifestation of the student's disability for a student who has been placed in an IAES, the student shall remain in the IAES pending the decision of the impartial hearing officer or until expiration of the IAES placement, whichever occurs first, unless the parents and the district agree otherwise.

- b. If school personnel propose to change the student's placement after expiration of an IAES placement, during the pendency of any proceeding to challenge the proposed change in placement, the student shall remain in the placement prior to removal to the IAES, except where the student is again placed in an IAES.
3. An expedited due process hearing shall be completed within 15 business days of receipt of the request for a hearing. Although the impartial hearing officer may grant specific extensions of such a time period, he or she must mail a written decision to the district and the parents within five business days after the last hearing date, and in no event later than 45 calendar days after receipt of the request for a hearing, without exceptions or extensions.

E. Referral to Law Enforcement and Judicial Authorities

In accordance with the provisions of IDEA and its implementing regulations:

1. The district may report a crime committed by a child with a disability to appropriate authorities, and such action will not constitute a change of the student's placement.
2. The superintendent shall ensure that copies of the special education and disciplinary records of a student with disabilities are transmitted for consideration to the appropriate authorities to whom a crime is reported.

XI. CORPORAL PUNISHMENT

Corporal Punishment is any act of physical force upon a student for the purpose of punishing that student. Corporal punishment of any student by any district employee is strictly forbidden.

However, in situations where alternative procedures and methods that do not involve the use of physical force cannot reasonably be used, reasonable physical force may be used to:

- A. Protect oneself, another student, staff member or any person from physical injury.
- B. Protect the property of the school or others.
- C. Restrain or remove a student whose behavior interferes with the orderly exercise and performance of school district functions, powers and duties, if that student has refused to refrain from further disruptive acts.

The District will file all complaints about the use of corporal punishment with the Commissioner of Education in accordance with Commissioner's regulations.

XII. STUDENT SEARCHES & INTERROGATIONS

The Board of Education is committed to ensuring an atmosphere on school property and at school

functions that is safe and orderly. To achieve this kind of environment, any school official authorized to impose a disciplinary consequence on a student may question a student about an alleged violation of law or the District Code of Conduct. Students are not entitled to any sort of 'Miranda'-type warning before being questioned by school officials, nor are school officials required to contact a student's parent before questioning the student. However, school officials will tell all students why they are being questioned.

In addition, the Board authorizes the superintendent, building principals and district security officials to conduct searches of students and their belongings if the authorized school official has reasonable suspicion to believe that the search will result in evidence that the student violated the law or the District Code of Conduct.

An authorized school official may search a student or the student's belongings based upon information received from a reliable informant. Individuals, other than the district employees, will be considered reliable informants if they have previously supplied information that was accurate and verified, or they make an admission against their own interest, or they provide the same information that is received independently from other sources, or they appear to be credible and the information they are communicating relates to an immediate threat to safety. District employees will be considered reliable informants unless they are known to have previously supplied information that they knew was not accurate.

Before searching a student or the student's belongings, the authorized school official should attempt to get the student to admit that he or she possesses physical evidence that they violated the law or the District Code, or get the student to voluntarily consent to the search. Searches will be limited to the extent necessary to locate the evidence sought.

Whenever practical, searches will be conducted in the privacy of administrative offices and students will be present when their possessions are being searched.

A. Student Lockers, Desks and other School Storage Places

The rules in this code of conduct regarding searches of students and their belongings do not apply to student lockers, desks and other school storage places. Students have no reasonable expectation of privacy with respect to these places and school officials retain complete control over them. This means that student lockers, desks and other school storage places may be subject to search at any time by school officials, without prior notice to students and without their consent.

B. Police Involvement in Searches and Interrogations of Students

District officials are committed to cooperating with police officials and other law enforcement authorities to maintain a safe school environment. Police officials, however, have limited authority to interview or search students in schools or at school functions, or to use school facilities in connection with police work. Police officials may enter school property or a school function to question or search a student or to conduct a formal investigation involving students only if they have:

1. A search or an arrest warrant; or
2. Probable cause to believe a crime has been committed on school property or at a school function; or
3. Been invited by school officials.

Before police officials are permitted to question or search any student, the building principal or his or her designee shall first try to notify the student's parent to give the parent the opportunity to be present during the police questioning or search. If the student's parent cannot be contacted prior to the police questioning or search, the questioning or search shall not be conducted. The principal or designee will

Sweet Home School District Code of Conduct

also be present during any police questioning or search of a student on school property or at a school function.

Students who are questioned by police officials on school property or at a school function will be afforded the same rights they have outside the school. This means:

1. They must be informed of their legal rights.
2. They may remain silent if they so desire.
3. They may request the presence of an attorney.

C. Child Protective Services Investigations

Consistent with the district's commitment to keep students safe from harm and the obligation of school officials to report to child protective services when they have reasonable cause to suspect that a student has been abused or maltreated, the district will cooperate with local child protective services workers who wish to conduct interviews of students on school property relating to allegations of suspected child abuse, and/or neglect, or custody investigation.

All requests by child protective services to interview a student on school property shall be made directly to the building principal or his or her designee. The principal or his or her designee shall set the time and place of the interview. The principal or designee shall decide if it is necessary and appropriate for a school official to be present during the interview, depending on the age of the student being interviewed and the nature of the allegations. If the nature of the allegations is such that it may be necessary for the student to remove any of his or her clothing in order for the child protective services worker to verify the allegations, the school nurse or other district medical personnel must be present during that portion of the interview. No student may be required to remove his or her clothing in front of a child protective services worker or school district official of the opposite sex.

A child protective services worker may not remove a student from school property without a court order, unless the worker reasonably believes that the student would be subject to danger of abuse if he or she were not removed from school before a court order can reasonably be obtained. If the worker believes the student would be subject to danger of abuse, the worker may remove the student without a court order and without the parent's consent.

XIII. VISITORS TO THE SCHOOLS

Since schools are a place of work and learning, certain limits must be set for visits and visitors. The building principal or his/her designee is responsible for all persons in the building and on the grounds. For these reasons, the following rules apply to visitors to the schools:

1. Anyone who is not a regular staff member, district employee, or student of the school will be considered a visitor.
2. Prior to entering the building, all visitors should be prepared to provide government issued photo identification and state the purpose for their visit. They will be required to register through our Raptor Visitor Management System and will be issued a visitor's identification badge, which must be worn at all times while in the school or on school grounds. The visitor must return the identification badge to the attendance office upon exiting the building.
3. Visitors attending school functions that are open to the public, such as parent-teacher organization meetings or public gatherings, may not be required to register.
4. Parents who wish to observe a classroom while school is in session are required to arrange such visits in advance with the building principal in accordance with building procedures, so that class disruption is kept to a minimum.
5. Teachers are not to take class time to discuss individual matters with visitors.

6. Any unauthorized person on school property will be reported to the principal or his/her designee. Unauthorized persons will be asked to leave. The police may be called if the situation warrants.
7. All visitors are expected to abide by the rules for public conduct on school property contained in this Code of Conduct.

XIV. PUBLIC CONDUCT ON SCHOOL PROPERTY

The district is committed to providing an orderly, respectful environment that is conducive to learning. To create and maintain this kind of an environment, it is necessary to regulate public conduct on school property and at school functions. For purposes of this section of the code, "public" shall mean all persons when on school property or attending a school function including students, teachers and district personnel.
