

LEAD POISONING

can cause serious learning problems...

We'll help **YOUR** child for **FREE**.

- ✓ Lead is a poison that can hurt a child's brain and cause serious learning problems.
- ✓ We help young children with lead poisoning get the help they need so they can learn and do well in school.
- ✓ Even if your child does not seem to have a learning problem now, it is important to get them help now while they are young and their brain is still growing.

Call 874-7200 to enroll your child in our FREE program.

Our tutors work with 2-4 year-old children diagnosed with lead poisoning. Our program is FREE, but space is limited. Call us today!
